Shopping Mall Tileset

■ Introduction

“Shopping Mall Tileset” (hereinafter referred to as "this software") is a product created by Wataru Nakanami and is a collection of resources containing graphic data that can be used in the game production support software "Maker" series.

■ About Shopping Mall Tileset

This software is a product that can add shopping mall elements to maps produced in "RPG Maker MZ" and "RPG Maker MV".

■ System Requirements

Systems compatible with “RPG Maker MZ” and "RPG Maker MV".

< Materials data from tilesets folder>

1. Run the editor of "RPG Maker MZ" or "RPG Maker MV" and open the project to which you want to add materials from this collection from the menu.
2. Select [Tools]> [Resource Manager] from the main menu.
3. The [Resource Manager] screen will be displayed.
4. Select the "img/tilesets" folder. ((If there is no folder, manually create a “tilesets” folder under the directory [*your_project_folder*]/img/)
5. Click the [Import] button at the screen's top right.
6. Select the folder that contains the materials.
7. Select the material files you want to add.

* Please refer to corresponding manuals to import the files into other Maker software versions.

* A sample map is included in this software.
